

TALKING DOG

Dogs communicate using body language more than they do vocally. Here's a quick guide to get a good idea of what your dog is telling you. Look at the whole of the dog: head, face, body and tail to get a more accurate idea of what the dog is saying.

FEARFUL / ANXIOUS / STRESSED

In all cases, respect the dogs need for space and offer signs of appeasement and peace: See the Doggy Dos and Don'ts poster

If not read correctly, stress, anxiety and fear often lead to behaviour commonly termed "aggressive", as the dog attempts to make it clearer that they are uncomfortable: raised hackles are a sign of fear:
