- Recommended treats: small pieces of soft treats that dogs can eat quickly: dried liver, hotdogs, cheese.
- A treat bag or fanny pack is recommended.
- Bring water and a water bowl for your dog.

How Dogs Learn

- Timing: Mark behavior immediately as it happens with a treat. It must be immediate so your dog associates the reward with his action.
- Always show the dog first what you want him to do rather than correct for what you DON'T want.
- Repeat the training exercise several times. If your dog seems unmotivated don't continue, go back later.
- Consistency: Do exactly the same thing each time.
- Learn what motivates your dog.
- Practice 15-30 minutes each day, making your sessions short, frequent, and ALWAYS end on a positive note.
