ANY GRADE LEVEL!

WELCOME TO HUMANE SOCIETY 101

Dive into the world of the Humane Society of Broward County and discover how we rescue, care for, and find forever homes for our furry friends. Uncover the truth about pet overpopulation and unleash your inner hero by getting involved in our pawsome mission!

CAREER DAY ALERT!

Explore the world of animal careers at the Humane Society. Whether you're interested in becoming a vet, creating engaging social media content, or teaching pets new tricks, there's an opportunity waiting for you. Animal lovers can look forward to a fulfilling future with furry friends at the shelter!

4TH GRADE -HIGHSCHOOL

FURRY CHAT 101

Ever wonder what your pet is trying to tell you when they give you "that look"? It turns out, dogs and cats are experts at talking—they just don't use words! This lesson dives into the secret world of animal body language to help us become pro-decoders of the four-legged variety.

Since our furry friends haven't mastered English or Spanish yet, they use their ears, tails, and eyes to do the talking. By learning to "speak" their language, we can figure out exactly how they're feeling.

BEHIND THE GLASS The Hidden Reality of Pet Store Puppies

Do you know the real story of the puppy in the window? This lesson tackles the difficult truth about puppy mills and the commercial breeding industry. Students will gain the tools to help end this cycle by making informed decisions and discovering why "adopting, not shopping" is a win for both families and animals alike.
